GIFT ANNOUNCED

PRESBYTERIANS REJOICE OVER \$50,000 OFFERING FOR NEW CHURCH BUILDING

The Presbyterian church was taxed to its utmost to accommodate the great congregation that gathered yesterday morning for the regular communion service. Just before the sacrament of the Lord's Supper, the pastor, Rev. W. E. Edmonds, spoke briefly about the wonderful growth of the church during the past ten years, and how the Lord had certainly blessed every department, until it seemed fit, under the guidance of the Holy Spirit, to go forward to greater things; and a few months ago a new site had been chosen at Harvard and Louise, opposite the High School, and much more centrally located for the large membership. And then, with words of sincere appreciation and gratitude, the pastor announced to the great congregation that a long-time friend of the church had made an unconditional gift of \$50,000 towards the new church building. On account of the unusual commercial conditions and great cost of construction, active operations will probably not begin at once, but the three Boards of the church have formed a finance committee consisting of H. L. Finlay, Dr. J. K. Gilkerson and J. Morgan Fife, who will immediately begin making plans for the building campaign.

This communion service was the greatest in the history of the church, and a large number were received into the church fellowship. A splendid musical program was given in the evening under the direction of Mrs. Fannie Marple Retts, one feature of which was a male quartette from the Bible Institute. Next Thursday evening will be the last link in the communion service, when the reception for the new members will be held in the church from 8 to 10 o'clock.

Mission Campaign

A nation-wide campaign of the Episcopal church will begin in November, and will be in charge of the Woman's Guild of St. Mark's church. Every communicant of the Episcopal church in Glendale is urged to take an active part in this campaign. Dr. Patton, of Virginia, will be in charge, and he will speak at the Pro-Cathedral in Los Angeles at 10 o'clock on Wednesday morning of this week. Everybody who can is asked to be present at this meeting. On Thursday afternoon of this week, at 2:30 o'clock, a special discussion of the campaign will be held at St. Mark's church. All communicants of the church are requested to be present at that time.

Ex-Service Men Guests

A party of ex-service men who are patients at Thornicroft Sanitorium were the guests of Mrs. Ernest A. Bode, 138 North Orange street, Friday afternoon.

The party were taken down in automobiles by Mrs. James McBryde, of the De Luxe apartments, and Mrs. Roy C. Flint, 138 North Orange St.; there were piano selections and singing by Herbert Henning, 203 East Elk avenue. Refreshments were served and a very enjoyable afternoon was spent.

WOMEN'S UNION

BAPTIST CHURCH LADIES HOLD FIRST MEETING OF THE YEAR

The first regular meeting of the Women's Union of the Glendale Baptist Church for the new year was held at the church Thursday, being an all-day meeting, which proved a most enjoyable as well as profitable day. The meeting was well attended, and many needed garments and much material were made ready for the White Cross Relief during the morning hours. Luncheons at these all-day meetings are always a treat, this one proving unusually so with the aid of the hostesses, Mrs. Roy L. Kent and Mrs. Jacob Gray.

The business meeting followed, with Mrs. Gray, president, in the chair. At this time plans were made for the work during the coming year. Membership has increased so within the last year that the city has been divided into calling districts, with groups of hospitable matrons in charge. The devotionals were led by Mrs. Moody. Miss Cora Powell had charge of the program, which consisted of short talks on "Community Life" and a piano solo by Mrs. Hoskins.

DUCKS POISONED

H. L. MILLER REPORTS SPORT RUINED AT BUENA VISTA LAKE BY THIS

H. L. Miller, E. T. Allen, Chas. W. Kent and Johnnie Judd, who drove up to Buena Vista Lake near Bakersfield last Friday to shoot ducks, came home Saturday afternoon with nothing to show for their trip. When they arrived at the lake they saw ducks flying around by the millions apparently, but many were seen lying about on the banks, dead. On investigating in Bakersfield they were told, says Mr. Miller, that several people in the vicinity of the lake had been poisoned by eating fish caught in the lake and it was thought farmers in the vicinity whose crops had been damaged by the ducks had poisoned the vegetation on the borders to kill them, thereby poisoning the fish, also. They were advised to not kill any ducks for fear that eating them might cause death or serious illness.

Mr. Miller and party are planning to start in the morning to Coaches Valley and Salton Sea to try the duck shooting in that vicinity.

Shower for Mrs. Olivas

Mrs. Lee Olivas of 328 West Windsor Road was the honoree of a lovely shower given Thursday afternoon at the home of Mrs. Charles Warner of 616 North Lake Shore avenue, Los Angeles, a former resident of Glendale. The house was beautifully decorated with roses and ferns. Among those present were Miss Bebe Daniels, Mesdames Charles Minugh, Oliphant, McCracken, G. H. Melford, O'Connor and Mac Steckler of Los Angeles; Mesdames Egen, Hearn, Robinson, Davis, Spence, Tedford, Medlin, Peterson, Burke and Prikett of Glendale.

Farewell Party

A farewell party was given last Thursday evening by Miss Mildred Morgan at her home, 1263 E. Broadway, for Miss Helen McCord, who left Sunday for Philadelphia, Pa., to live. The evening was spent very enjoyably in playing games. Refreshments were served. Those present besides the hostess and honoree were Misses Dorothy Dutton, Velma Pierce, Vivian Nay, Marjorie Hart and Geraldine Meagher; Messrs. Wm. Gillett, Geo. Montgomery, Eugene Wernette, Jack Finch, Robert Bradbury, Bradford Ralston and Hershel Shaffer.

Mrs. Usilton Improving

Mrs. J. W. Usilton has taken a decided turn for the better and continues to improve steadily. She is conscious most of the time.

TRUE LIBERTY

ELDER GEO. A. SNYDER DIS COURSES ON PAUL'S VIEW OF THIS PRINCIPLE

Elder Geo. A. Snyder occupied the pulpit of the Seventh-day Adventist church Saturday morning giving an intensely interesting discourse on "Liberty." "Liberty," he said, "is the very antithesis of bondage. Without it, life would be undesirable. Paul admonishes us in Galatians 3 to stand fast in the liberty where-with Christ hath made us free. Through sin everyone is under bondage, but Christ has set us free, crediting our account with His righteousness and charging Himself with our unrighteousness. Now we are to stand fast in this freedom from sin. 'While life and liberty are freely offered to every man, God does not compel any to serve Him. The Christian's platform is founded upon righteousness by faith, not works. But one question was asked by Christ when on earth—'Believest thou?' In belief, in faith, is wrapped the gospel. Love, gratitude and faith will prompt the keeping of God's commandments, but not through fear or thought of compulsion.'

"If God were to use force to secure worship and obedience, the product would be mere legalism and formalism. Should His followers endeavor to force others to become Christians or to worship according to their ideas of religion, their object would be defeated by their own methods and formalism not Christianity would result.

"God's method is to love, to give, to invite. The sinner's own response

RIOTING IN LONDON

ATTEMPT TO ATTACK PREMIER'S RESIDENCE; NEARLY 100 PERSONS WERE INJURED

(Special Service to Glendale Evening News)

LONDON, Oct. 18.—Rioting broke out in Downing and Whitehall streets, where the government offices and Premier Lloyd George's residence are located, following the beginning of the nation-wide coal strike. Nearly 100 persons were injured in fighting between police and crowds carrying red flags and singing revolutionary songs, which crowded into Downing street and attempted to attack the premier's residence. Many of the injured were carried into residences.

Mounted policemen formed cordons before the government offices, but the lines were broken several times by the rioters. Each time the police managed to secure the upper hand and drove the crowds from the district.

Practically every window in government buildings facing on Downing street and Whitehall were broken by stones thrown by the mobs.

Indicating the serious aspect of the strike, seaports were becoming congested. Seven hundred vessels were tied up at Cardiff alone.

The possibility of a general labor upheaval was admitted at government headquarters, following announcement that Scottish railroad workers were prepared to join the coal strikers today.

WILSON ASKS HARDING ABOUT SPEECH

WANTS TO KNOW WHETHER OR NOT SENATOR HAD BEEN APPROACHED BY FRENCHMAN

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 18.—President Wilson today issued a campaign letter asking Senator Harding if he had declared in a speech at Green Castle, Indiana, on Saturday that he had been informally approached by a French representative who asked America to take the lead in forming an association of nations.

Wilson's letter quoted from a report printed in the New York Times under a St. Louis date line which said that Harding declared he had been informally approached by a representative of France. The president asked for confirmation of the report, since he declared he drew the inference that the French government, which was a member of the League of Nations, had approached a private citizen of the United States on the matter of leading the way to a world fraternity.

PARIS, Oct. 18.—The foreign office today said a new association of nations may have been discussed by Senator Harding and some Frenchman, who, however, was not acting as a spokesman for France.

GOV. COX PLEDGES HIMSELF

DOLLAR WHEAT AND STAGNATION OF INDUSTRY SURE UNLESS U. S. JOINS LEAGUE

(Special Service to Glendale Evening News)

SYRACUSE, Oct. 18.—Before a large crowd here Gov. James M. Cox pledged himself, if elected, to "confer with ex-President Taft, Elihu Root, and their respective groups, in addition to the senate, on securing ratification of the treaty with ramifications which do not impair the league covenant."

Cox said that dollar wheat and stagnation of industry would come in the near future unless the United States joined the league.

"If America would isolate herself she must reduce production to the needs of consumption, which would set us back fifty years industrially," he said.

QUESTION MAMIE TILTON

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 18.—The district attorney's office today questioned Mrs. Mamie Tilton, dressmaker and friend of Mrs. Richard C. Peete, regarding property said to have been turned over to Mrs. Tilton by Mrs. Peete. This property belonged to Jacob C. Denton, according to information gained by the district attorney.

RAILROAD LABOR BOARD IN SESSION

(Special Service to Glendale Evening News)

CHICAGO, Oct. 18.—The railroad labor board was meeting here today to hear demands of 100,000 employees of short-line railroads for wage increases amounting to \$50,000,000 annually. The demands are similar to those presented by workers on big railroads who were recently granted an increase.

BASEBALL MANAGERS TESTIFY

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 18.—The county grand jury heard the testimony of several managers and players of the Los Angeles and Vernon baseball teams in its probe into alleged coast league gambling and bribing of players.

LIBRARY MEETING

SAN ANTONIO CLUB OF WORKERS ENTERTAINED BY GLENDALE OFFICIALS

There was a meeting Saturday forenoon in the Juvenile Room of the City Library which was most inspirational and harmonious, exemplifying as it did the perfect accord prevailing between the Library Board, the City Trustees and the citizens in general. This meeting was in the nature of a reception to the San Antonio Club, which is composed of library workers from Pomona College, city and High School libraries, Riverside and several other High School libraries. In addition there were the managers and such of the staffs of the main and branch libraries of Glendale who could be spared, members of the Library Board, Mrs. Ann P. Partlett as representing the City Trustees, and her husband. The San Antonio Club meets every three months and this reception was in place of one of these regular meetings. Mrs. Sarah M. Jacobus, president of the Club, presided most graciously and she explained that Mrs. Danford, having been a guest of the Club at one of its meetings, planned this reception in return thereof.

Mrs. Flora M. Temple made a welcome speech on behalf of the Library Board. She had attended a recent meeting of the State of California Library Association, and also a District meeting at Pasadena, and she told in her address some of her experiences at these meetings; and of what she had learned of library service and its meaning from the viewpoint of a Library Board member. These inspirational remarks of Mrs. Temple created an enhanced desire (Continued on Page 4)

CHAUTAUQUANS

ARTHUR WELLS AND WIFE, WORKERS WITH MONTAVILLE FLOWERS, NOW IN GLENDALE

Arthur Wells and wife, who have been Chautauqua workers for nearly 20 years past, much of that time associated with Montaville Flowers and in later years with H. V. Adams of Arden avenue, are taking a year's rest and could find no better place to spend it than Glendale.

They are in their own home at 462 Burdett, which they bought "sight unseen," Mr. Wells informed the Evening News when in the office this morning to order the paper sent to his address. He said Mr. Adams told him, over a year ago, of buying such a beautiful home in Glendale, describing it very particularly. When he was through Mr. Wells said, "I'll give you \$100 for your bargain with seeing the place." Mr. Adams refused the offer but promised to keep his eyes open for a similar deal for his friend. A few weeks later Mr. Adams wired him he had an option on a beautiful Glendale home for him at a remarkably low price and asked for instructions. Mr. Wells immediately wired he would take it and also telegraphed \$100 to bind the bargain. All this without ever seeing the property. When they arrived to take possession, however, they were delighted with it and are mighty pleased that they have so desirable a home in which to take their needed rest. Both are musicians. They motored out here from Danville, Ill., their former location, and enjoyed the trip very much.

They both speak in the highest terms of Mr. Flowers, and hoped to see him when they came, but on visiting his home in Monrovia found that he was in Texas.

CHRISTIAN CHURCH

SERMONS BY J. H. GARNSEY AND REV. MOTTERN IN ABSENCE OF PASTOR

While the strong personality of Pastor Clifford A. Cole of Central Christian church was missed in the services yesterday, there was no let-down in the work. The Bible School, under the leadership of Willard Learned, superintendent, kept up its high record and the pulpit was ably filled, both morning and evening.

In the morning J. H. Garnsey, who came to Glendale a few months ago from Kansas City, Mo., where he was a member of the Independence Boulevard church, under the ministry of Dr. Burns Jenkins, presided at the morning worship and communion service. He gave some very searching comments on Rev. Cole's strong sermon of the Sunday before on the duty of the congregation to the community.

STAG PARTY

BOYS' LEAGUE OF HIGH SCHOOL PULLS OFF ANNUAL EVENT

The annual stag party of the High School Boys' League, which was omitted last year, was revived this year and the party was given Friday night in the Gym. Tom McNary, president of the League, had charge of affairs and there was no lagging at any time. Promptly at 7:30 the program commenced. There were basketball games between the Scrubs and Sophomore teams, the latter winning; also between the Senior and Junior teams, the former being successful. Then the Seniors proceeded to beat the Sophs. A round of Log ball was next, the Sophs besting the Scrubs in this.

In the tug of war the Sophs won over the Scrubs and the Juniors over the Seniors. Then some general games were indulged in. Boys were blindfolded and given knotted towels then turned loose to lambast each other. There were boxing matches between blindfolded boys, also, the gloves being covered with soot. The contestants were a sight when the scraps were over. As a grand wind-up of the games the Seniors played a match at basketball with a team from the faculty, beating them. Then a rush was made for the refreshments of "hot dogs" and coffee. All was over by 11:30.

The jazz orchestra recently formed by boys of the League discoursed appropriate music during the evening.

Tower for Van de Water

A. W. Tower, former member of the City Council of Glendale now a member of the firm of Vold, Tower & Lee, printers, of Los Angeles, and who resides at 327 North Central Ave., Glendale, wishes it clearly known that he is not the Mr. W. F. Tower, who is president of Randall for Congress Club of Glendale.

Mr. A. W. Tower says that he is a Republican, stands strong for protection of California industries, and economic and business-like management of governmental affairs, and is therefore for the Hon. Chas. F. Van de Water for Congress in the 9th District.

Death of G. H. Bailey

G. H. Bailey, aged 68, of 700 S. Verdugo Road, died Saturday in the Lincoln Hospital, Los Angeles. Funeral services will be held Wednesday afternoon at the L. G. Scovron Undertaking Company parlors. Mr. Bailey had lived in California eight years in Glendale two years. He is survived by his wife and their three sons, Frank T., of Butte, Montana, Claude of Beaumont and Arthur S. of Salt Lake City. All are here for the funeral, the latter accompanied by his wife.

Harlowe A. Harrison and Miss Alva Lovell, accompanied by Mr. and Mrs. J. Goldthwaite, were among the Glendaleans who took advantage of the lovely weather Sunday and motored to surrounding points of interest.

MANY MAGICIANS

On this occasion, not only will there be some grand music by recently-organized American Legion band but there will be some feats of magic shown that will bewilder and mystify the closest observer. Among the great magicians to be seen on this occasion will be some who have delighted and puzzled audiences all over the world, and the eldest of these and king of all, will be a headliner on the program. This is Harry Cooke of Los Angeles, and, in addition to being present in person and showing some of his wonderful acts, he will appear in a film scene with Kellar, another great magician. These two and several others of note who belong to the "Retired Magicians' Club of Los Angeles are glad to lend their services to the American Legion boys, who are giving this entertainment to raise funds to provide uniforms for the band, which is going to be such an asset to the community.

Political Campaigns

Political campaigns are apt to cause dissension among the people of communities, and at this early stage of this year's campaign, it may be well to stop and consider the harm wrought by those who become so radical in their political opinions that they cannot see any good in the opinions of others. Of course, where there are two sides to a question, there is probably one side that is deserving of favorable consideration, and it is well to listen to argument, and then, whoever gets the better of the argument, should treat his opponent with courtesy.

There is nothing to be gained by the people of a community becoming unfriendly on account of the difference in political beliefs. Furthermore, the person who can present his argument in favor of a candidate in a calm and convincing manner, is the one who will do the most good for his candidate. It is perfectly right that all men, and women, too, should have their favorite candidates, and it is also right and proper that these same men and women should remain on friendly terms, although their political views may differ.

In years past, heated political campaigns have been the means of causing trouble in many families and business firms. May this campaign be an exception to those of the past, is the wish of everybody who favors peace in the community.

Experience has taught us that the more we co-operate with our customers the more enthusiastically do they go out of their way to influence and to introduce new business to THEIR bank.

For instance, a large per cent of the new business that comes to us originates directly or indirectly from personal recommendations.

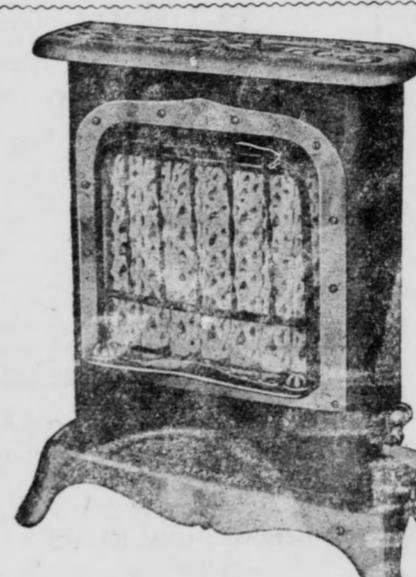

We are proud of the fact that so many of our customers are loyal to THEIR bank. They watch its growth in which they assist so materially as eagerly as if the institution actually belonged to them—and in a sense it does.

The loyalty of our patrons means as much to us personally as their patronage adds to the growth and influence of the institution.

LIBRARY MEETING

(Continued from Page 1)
on the part of all present to live up to this standard of library service.

Then there was a wonderful talk on library progress by Joseph F. Daniels of Riverside along the lines of work and practice. It was intensely practical, one main thought being that library progress did not depend upon the technical or mechanical side of library work, or the mental faculties of mankind, since progress had been comparatively slow in that connection, but upon the spiritual development, the vision of the librarian; he laid great emphasis upon the relation to their fellowman in the way of service. Service was really the keynote of his talk. It was presented in a very masterful and inspirational way.

Chas. H. Cushing, Branch Librarian, spoke along the lines of co-operation between the Branch and the Main Library, and the support his department had received from Mrs. Danford's.

Mrs. Manker, of the Upland Library, conducted a very wonderful round table, which was, of course, informal.

Just before luncheon, the guests adjourned to the main floor to inspect the various departments.

Mrs. Danford was called upon for a few words, when all had assembled for this important purpose, and she expressed how the spirit of true hospitality had been extended to them by the City of Glendale furnishing the luncheon, the ladies of the Library Board preparing it, and the members of the staff serving it. It was served on the tables in the Juvenile room, each table having a unique bouquet of autumn leaves. Place cards were used which provided for a host or hostess at each table, and these were members of the Library Board. The luncheon was served at 12:30.

Mrs. Ann P. Bartlett gave a most delightful after-dinner talk as the representative of the City Trustees.

Decorations were carried out in the autumn colors, marigolds predominating.

After luncheon a general good time was enjoyed, after which the guests were taken on an auto trip about the city, machines having been provided for that purpose. There were about 35 people present, in all.

Mrs. Danford emphasized, in talking of this meeting, the co-operation of the Library Board, and staff, the beautiful spirit of hospitality prevailing and the way in which the guests responded to it.

TRUE LIBERTY

Continued from Page 1)
or indifference determines the result. God does not condemn. The sinner is self-condemned by his own choice. God does not take eternal life from anyone, but the sinner's refusal to accept Christ in whom is life, constitutes his acceptance of death or destruction. God's love for man is more enduring than parent love, which loves the child in spite of the wrong doing and shows its love by correction."

Dr. M. D. Wood, returning missionary to India, gave a short farewell address, following Elder Snyder's discourse. She told of the great boon vivisection has been to the people of India, also the missionaries who are laboring there. Dogs, cats and other animals roam the country and towns unmolested, as the natives believe in the transmigration of souls and consider all animals sacred. Consequently one is in constant danger of dog bites from these swarming, starving canines and every day many persons die from hydrophobia. In all of India with its teeming millions of inhabitants, there are only a few stations where the Pasteur treatment can be had, but every day hundreds are treated for dog bites. Medical science is doing more to help these poor ignorant people than any other agency. Dr. Wood showed clearly the life-saving virtue of animal experimentation for the saving of human lives and gave a personal experience where the life of her son was saved by the injection of animal serum. Bitten by a mad dog, the boy was rushed to a far distant Pasteur Institute where aid was received just in time to save his life, though weeks of suffering followed the long delay in reaching the station.
